

Call for abstracts for the 6th South Australian Weeds Conference

May 2nd-3rd 2018

Abstracts due by Friday Feb 23rd 2018

The Weed Management Society of SA welcomes everyone with an interest in weed management to the 6th South Australian Weeds Conference to be held at the Plant Research Centre, SARDI, Waite Campus, Adelaide, May 2nd-3rd, 2018.

Continuing on from the previous five successful biennial state weeds conferences, WMSSA would like to invite speakers interested in weeds, weed management and weed research to submit abstracts for the 6th South Australian Weeds Conference.

This year the conference is open to all weed related themes, including but not limited to; innovative weed management, community involvement, indigenous weed management projects, managing weeds in a changing climate, on-ground weed management, biological control initiatives, new and emerging weeds. This conference we invite NRM regions to submit abstracts showcasing projects in the region as part of the regional round-up!

Abstract format

Abstracts and summaries should be a maximum of 300 words. The title should be in bold Times New Roman, 12 point type, centred and the author list should be in standard Times New Roman, 9 point, centred. The content should be in standard Times New Roman, 9 point type, left justified.

Full papers

Full papers will be invited only after abstract acceptance. All abstracts will be compiled for distribution to conference attendees. Prerequisites for submission of a full paper are the submission of an abstract by February 23rd 2018, and acceptance of it by March 11th. Full written papers, for inclusion with the conference abstracts, must be submitted by March 25th 2018. Full papers must be submitted in the same format as abstracts. You will be notified of the acceptance of your presentation for inclusion in the conference by March 12th 2018.

Posters and displays

Posters and displays are also welcome and encouraged. Those intending to display a poster or other displays should notify the WMSSA (contact details below) by February 23rd 2018, and are encouraged to submit an abstract at the same time (not compulsory). An A4 representation of your poster can also be included in the conference proceedings if provided by March 25th 2018.
